## With Interactive Charts You'll Get:

- **Multiple Data Source Access** – Combine and view all the information you'll need from multiple data sources, including data warehouses and SQL-compliant databases.

- **Customizable View** – Tailor dashboards to meet institution and/or department requirements. Use visualizations such as gauges, pie charts, bar graphs, candle plots, and more to illustrate long-term strategic reports or day-to-day operational reports.

- **Drill-down Capability** – With a click of the mouse, drill down into a chart to see greater levels of detail and gain better insight into daily, weekly, monthly or yearly trends, key performance indicators (KPIs), and general metrics.

- **Availability to All Users** – As part of the Argos Enterprise License, dashboards can be extended to any user, without additional cost. Customize based on individual roles, allowing for better department and data management.

- **Ready-to-Go Dashboards** – Save time, and take advantage of best practices, by using dashboards created by other institutions (or by Evisions). Can be found in the CO-OP User Community.

- **Access from Anywhere** – Dashboards can be securely accessed from anywhere, and by any authorized user, through a web page or portal. (Requires Argos API to integrate with portal.)
